TRAINING AND CONDITIONING FOR SOCCER

MARCH 2025

DEVELOP FAST AND AGILE PLAYERS

Training and Conditioning for Soccer is the perfect book to help coaches introduce strength training and conditioning into their training programs.

The reader is given information on the fundamentals of the game, physiological demands, and training methodology needed to develop strength and power. Then, the best training methods for developing game- and position-specific endurance are introduced. Also included are brief discussions of those more popular yet ineffective training methods used today, clarifying why the methods in this book are superior for training speed and agility. Finally, there are sample training plans for developing each physical ability as well as the best strength training exercises to incorporate into practice.

Written by Tudor Bompa, the creator of periodization training, this is the best guide for introducing strength training into soccer practice to develop faster and more agile players!

TUDOR O. BOMPA, PhD, revolutionized many aspects of Western training methods when he introduced his groundbreaking theory of periodization in Romania in 1963. Dr. Bompa also applied his principle of periodization to the development of strength, speed, agility, and endurance. He has personally trained 11 Olympic medalists (four gold), has served as a training and planning consultant to eight other Olympic and world champions, and as an adviser to coaches and athletes worldwide.

GETTING TO GRIPS

A UNIQUE BREAKDOWN OF BATTING IN CRICKET FOR COACHES AND PLAYERS

SECOND EXPANDED EDITION

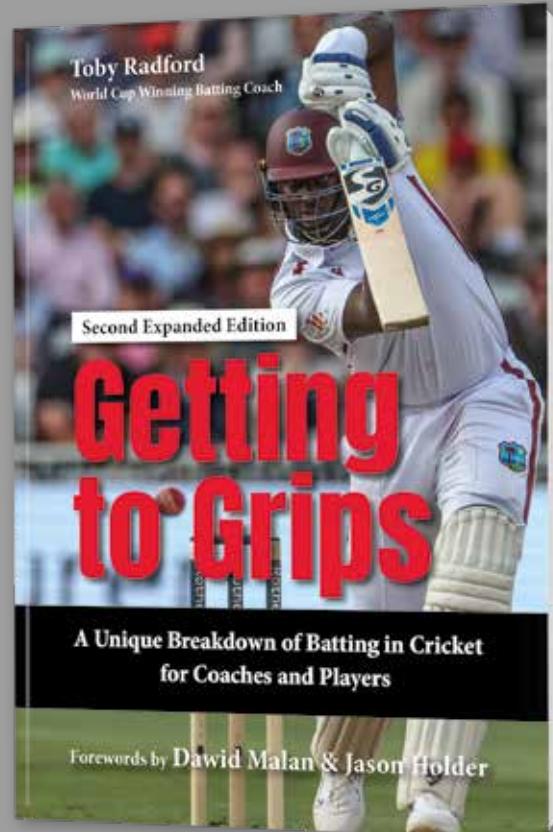

APRIL 2025

Getting to Grips is for cricket coaches and players of all ages. It offers skills, drills, and practical solutions to common batting problems. Author Toby Radford uses his experience as an international batting coach to offer invaluable insight into what makes the world's best players so successful.

This second expanded edition includes new technical analysis of international and county batsmen and offers practical guidance for players preparing for, and managing, their innings as well as how to cope with any unwanted yet inevitable runs of poor form. For coaches, there is a new and detailed breakdown of how to structure a one-to-one session with a batsman to quickly improve and maximize their potential.

The effective techniques, skills, and drills are the same Toby uses with the world's top batsmen in the West Indies, in Bangladesh, and with the ECB, and are all offered here to help take playing or coaching to the next level.

TOBY RADFORD is widely regarded as one of the best batting coaches in the game. Toby was head coach when Middlesex was crowned English T20 Champions in 2008, and batting coach when the West Indies won the T20 World Cup in Sri Lanka in 2012. Following a successful spell as an England and Wales Cricket Board (ECB) national coach, Toby launched the Middlesex Cricket Academy. In 2010 Toby set up the West Indies High Performance Centre in Barbados. He coached top players in the Caribbean for 10 years. Toby is currently batting coach for Kent County Cricket Club.

TEACHING ADULTS TO SWIM

USING THE FLASH AQUATIC SWIM TECHNIQUE—THE PERFECT GUIDE FOR SWIM INSTRUCTORS

MAY 2025

In the US, more than half of adults either cannot swim or don't have all the basic swimming skills. *Teaching Adults to Swim* gives swim instructors lesson plans, tips, and advice that will help their adult swim students to overcome their fear of the water and learn to swim.

Using his Flash Aquatic Swim Technique, swim coach Brian Fagan provides detailed instruction for the swim instructor. With comprehensive lesson plans, instructors are shown how to teach the four main swim strokes: freestyle, backstroke, breaststroke, and butterfly. This book is the instructor's guide to troubleshooting fear of the water or correcting poor swimming skills. There are even chapters on workouts to build stamina and swim equipment so that the student can easily transition from beginner to intermediate swimmer.

With this book, instructors can put their adult swimmers at ease in the water. Their students will be swimming the length of the pool, treading water, and even jumping into the deep end with confidence.

BRIAN “FLASH” FAGAN has taught and coached swimming for more than 30 years. His students have ranged from children to seniors, beginners to professional athletes. Brian is a Level II US Masters swim coach and a certified adult swim instructor. He is the founder of Flash Aquatics Swim Technique and is currently the director of Adult Swim Instruction at the Rutherford Swim Association.
