# CPG's 25<sup>th</sup> Anniversary

## President's Letter

It's hard to believe that 25 years have passed since the first day we turned the key and opened the doors of Cardinal Publishers Group. It was the year 2000, when we plunged forward into the business of distributing fine books and now, 25 years later, we are celebrating a quarter of a century of book distribution.

We started out humbly distributing from our small office just a couple of independent publishers who believed in our efforts to offer their unique titles. Today, we distribute titles from scores of small to mid-sized indie presses.

We want to take this time to say thank you to the booksellers and librarians who have supported us through the years. We could not have done this without you.

Cardinal Publishers Group proudly represents independent publishers from all over the world. As we distribute a variety of genres from sports, health and fitness to children's, young adults, and fiction, our client publishers are as creative as the titles they produce. For the past 25 years we have been dedicated to providing quality books to the reading public.

We have worked hard these past 25 years and though there are times of trials, we have enjoyed every year of hard work we have put forth for the love of reading, education, helping one's self, and a really good story.

Sincerely,

Tom Doherty—Founder and President  
of Cardinal Publishers Group

## The Infinite Glade

James Dashner

*The Infinite Glade* is the explosive finale of *The Maze Cutter* trilogy—and the epic conclusion to *The Maze Runner* saga.

War has finally ignited. The Remnant Nation is done waiting. Their mission: destroy the Godhead and everything she stands for. But as Sadina and the islanders fight to protect the Goddess—who claims to be their only hope for Evolution's survival—the battle reveals unfathomable truths leaving behind devastation that will change the islanders' future forever.

Determined to save their friends, Isaac and Ximena—along with Old Man Frypan and Jackie—struggle to find their way back to the others when two strangers intercept them, throwing everything they thought they knew about the Cure into doubt. Following the strangers into the unknown, Frypan unearths the shocking truth behind the Cure and the secrets so many have died to protect. But what they uncover is only the beginning.

The descendants must decide between risking their lives and the safety of those they love back home to expose the painful truth behind the maze trials, or walk away from history's darkest secrets and let the truth remain buried in the Glade forever.

# Federal Resume Guidebook, 8E

First-ever Book on Writing the Two-Page Federal Resume

Kathryn Troutman with John Gagnon, PHD

Illustrator: John Gagnon, PHD

On May 29, 2025, the Office of Personnel Management sent a memo to 2 million federal employees telling them that a 2-page federal resume is now required, instead of the long-form, which could be 5 to 20 pages.

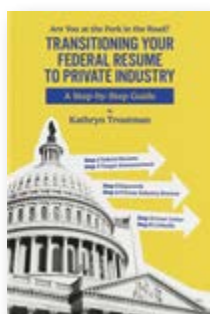

The 8<sup>th</sup> edition contains 14 excerpts of Outline Format federal resumes. This edition also features 28 full samples of 2-page federal resumes. All the outline format resumes from the previous edition have been transformed into the new 2-page Skills-Based, Searchable Federal Resume format.

The 2-page Federal Resume samples include various formats for federal employees seeking promotion, career change, wage grade (trades), IT / Technical and SES.

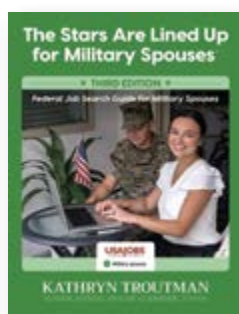

This book is a necessary text for any Federal employee or anyone who wants a federal job. The samples are invaluable, they match the USAJOBS requirements and teach the applicant how to match the USAJOBS announcement.

The 2-page federal resume is so dramatically different than the previous long form, there is significant challenges for serious federal applicants. The samples in the book will dramatically help anyone who needs to condense many pages into 2 pages that are targeted, impressive and compliant with the USAJOBS requirements.

## Notorious 92 4E

Andrew E. Stoner

With almost one murder every day of the year in Indiana, violent crime is not a stranger to the Hoosier state and has not escaped the heartland of America. And while Indiana is the nation's sixteenth largest state by population, it has often stolen national headlines with astonishing crimes that defy imagination. It seems it always has been so. *Notorious 92* looks back to crimes in each of the state's 92 counties as old as the nineteenth century to reveal a side of the state's history not taught in fourth grade history classes. *Notorious 92* also considers the suffering and the resolve of Indiana families and communities in responding to ugly incidents in their midst that are sometimes just too incredible not to talk about. From marital and financial problems to substance abuse and racial hostilities, generations of Hoosiers are linked by not only the lands they inhabit, but by the demons they face.

## The Class Reunion

Franz Werfel • Foreword by: Robert Temple

Translated by: Bernhard Rest

This novel is set in the city of Prague, and the story commences in the year 1927, which is the twenty-fifth anniversary of the graduation of the Class of 1902 from the exclusive and elite boys' secondary school, the Saint Nicholas Gymnasium. Much of the story takes place in the years 1901 and 1902, when the formative events of the tale happened. Many of the characters in this story are thinly disguised portraits of real people. The book caused a public furor not only because of its relentless analyses of personalities, of psychologies, and of motives, but because many of the people in the story were widely recognized as specific individuals. Werfel never shrank from the truth, and in this story, he rips the grandeur from the grotesque beneath. Welcome to this class reunion. And may your own be less dramatic.

## About the Author

Franz Werfel was born in Prague in 1890 and died in August, 1945, at Los Angeles, where he had settled as a refugee from the Hitler regime. He was survived by his wife Alma (1879-1962).

Werfel in particular was a popular figure, because he was described as "the most sociable of men" for his entire lifetime. He and his "gang" hung out as a youthful literary circle at the Café Arco in Prague.

## All About Stephen Curry, 2E

Anthony Curcio • Illustrators: Amber Calderon and Colleen Deignan

A perennial NBA All-Star, Wardell Stephen Curry II (known as Steph) was named the NBA Most Valuable Player twice and has won four NBA championships. Many consider him the greatest shooter in NBA history. Curry was the first player in NBA history to be elected MVP by a unanimous vote and to lead the league in scoring.

People throughout his childhood, high school, basketball career told him he wouldn't make it to the NBA. He was too slow and too short. Even after a dominant college career many still doubted Stephen had the stuff to make it in the NBA. He proved them all wrong and *All About Stephen Curry* tells the story of how he did it.

Fully updated!

The "*All About...People*" series has won multiple awards for both content and design. It includes biographies of the famous and not so famous people who helped shape our common history. Profiles include: Madam C.J. Walker, Barack Obama, Julia Morgan, Margaret Hamilton, Roberto Clemente, Stephen Hawking, and more.

# All About Larry Bird

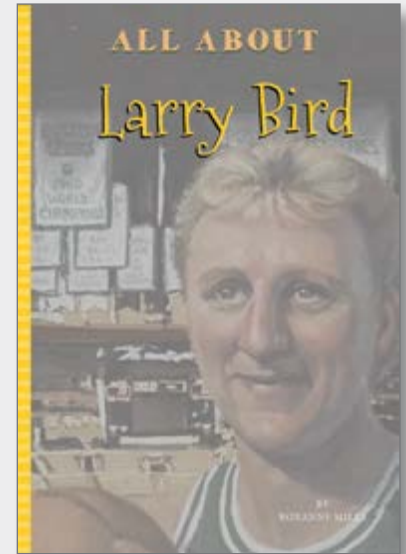

Roxanne Mills

Larry Bird's story of an economically challenged upbringing in a small Midwest town to Basketball Hall of Fame is a truly inspiring tale. From the "Hick from French Lick" to "Larry Legend" his story is one of hard work, mental toughness, and competitive fervor.

Growing up the shy younger brother of high school basketball star Mark Bird, Larry had to work hard to get noticed. At first it didn't go well, but by his junior year in high school, college teams began to take notice. By his senior year, he was being scouted by Big 10 schools including Bobby Knight of the Indiana University Hoosiers. Although he signed up to play for Indiana University, he never suited up for a game. Instead, he dropped out and would eventually sign on with a much less powerful basketball program at Indiana State University. By his sophomore year as a Sycamore, Larry was on the cover of Sports Illustrated.

Drafted into the NBA by the Boston Celtics, Larry would lead his team to five NBA Finals winning three of those contests.

Small town Indiana is small town basketball. In the decade before Michael Jordan, Larry Bird and Magic Johnson set the basketball world on fire. Larry would go on to coach for his home state Indiana Pacers. In his third year, he took the Reggie Miller led Pacers to the NBA Finals as the Eastern Conference Champions. Larry still works for the Indiana Pacers today.
